## Glenn Carpenter Moraine Valley Community College

**MORaine VALLEY COMMUNITY COLLEGE WELCOMED ME.**

"The changing career beliefs I have my own painting and decorating business, and I wanted something that would allow me more freedom. I was very apprehensive about coming back to school at first. The faculty and staff are outstanding, and there's plenty of attention for new students. I encourage other adult students to take advantage of the academic advising offered and to use the library. It's a great facility."

You're welcome... at Moraine Valley

**Jim Ryan**  
Pursuing his degree in Building Technology

**MORaine VALLEY COMMUNITY COLLEGE WELCOMED ME.**

"I'd heard good things about Moraine Valley from several friends. I really enjoy the diversity on campus—it's interesting to meet so many people with different goals. The whole atmosphere is extremely supportive—they want to make the campus fully accessible and give opportunities to everyone. The Center for Disability Services got me a special desk when I needed it. They also can provide note takers and recordings to help people with special needs keep up. The faculty works with students to provide extra help if that's necessary."

You're welcome... at Moraine Valley

**Ed Kwananagh**  
Planning to earn a bachelor's degree in business, wants to start his own company fabricating automated wheelchairs

**MORaine VALLEY COMMUNITY COLLEGE WELCOMED ME.**

"I thought it would be better to start at a smaller college with lower cost of tuition. The staff, faculty, and students here have been exceptional. The parking is easy at the location they called it. I'm sure I'll be very satisfied. I'm sure I'll be very satisfied. I'm sure I'll be very satisfied."

You're welcome... at Moraine Valley

**Eddie Lane**  
Single mom, planning to pursue a Bachelor's degree in psychology

Wake Forest

The background of the slide features a complex, abstract pattern of overlapping, semi-transparent blue and white shapes that create a sense of depth and movement, resembling light rays or fluid motion. The colors transition from a deep blue on the left to a lighter, almost white on the right.
